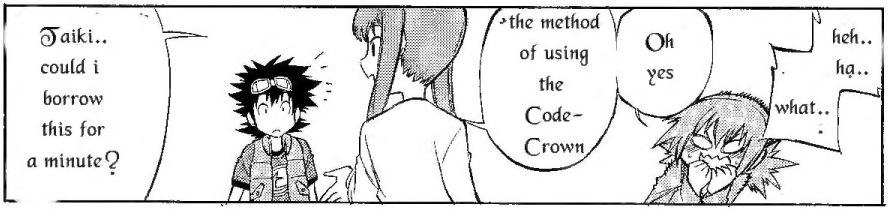
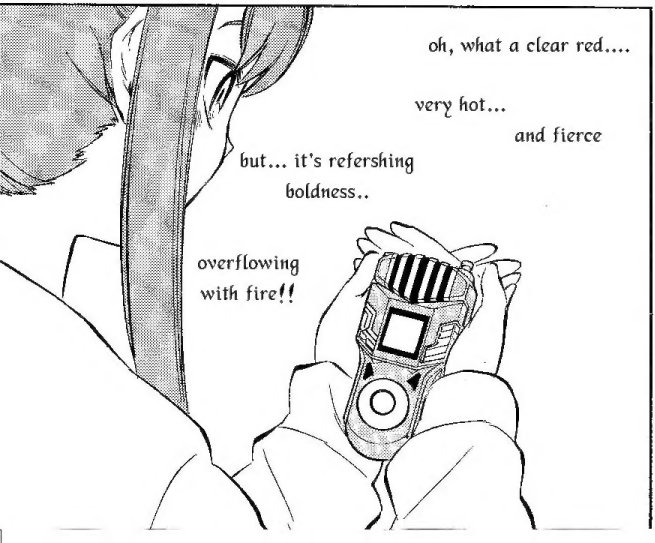
waitwaitwait! what's up with you suddenly acting so familar with him?!
ahhh, sorry~
i acted like this because i got to meet a gentleman like him

Ah yesyesyes
if you're looking for strong boys there's one right here
i'm the stronge-
Akari Dostrike !!!!

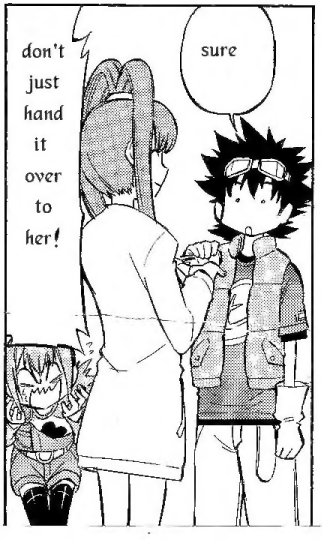
atually, I also like strong girls Hinomoto Akari
hah!?
unfortunately you arn't qualified enough for that



Taiki.. could i borrow this for a minute?
the method of using the Code-Crown
Oh yes
heh.. ha.. what..

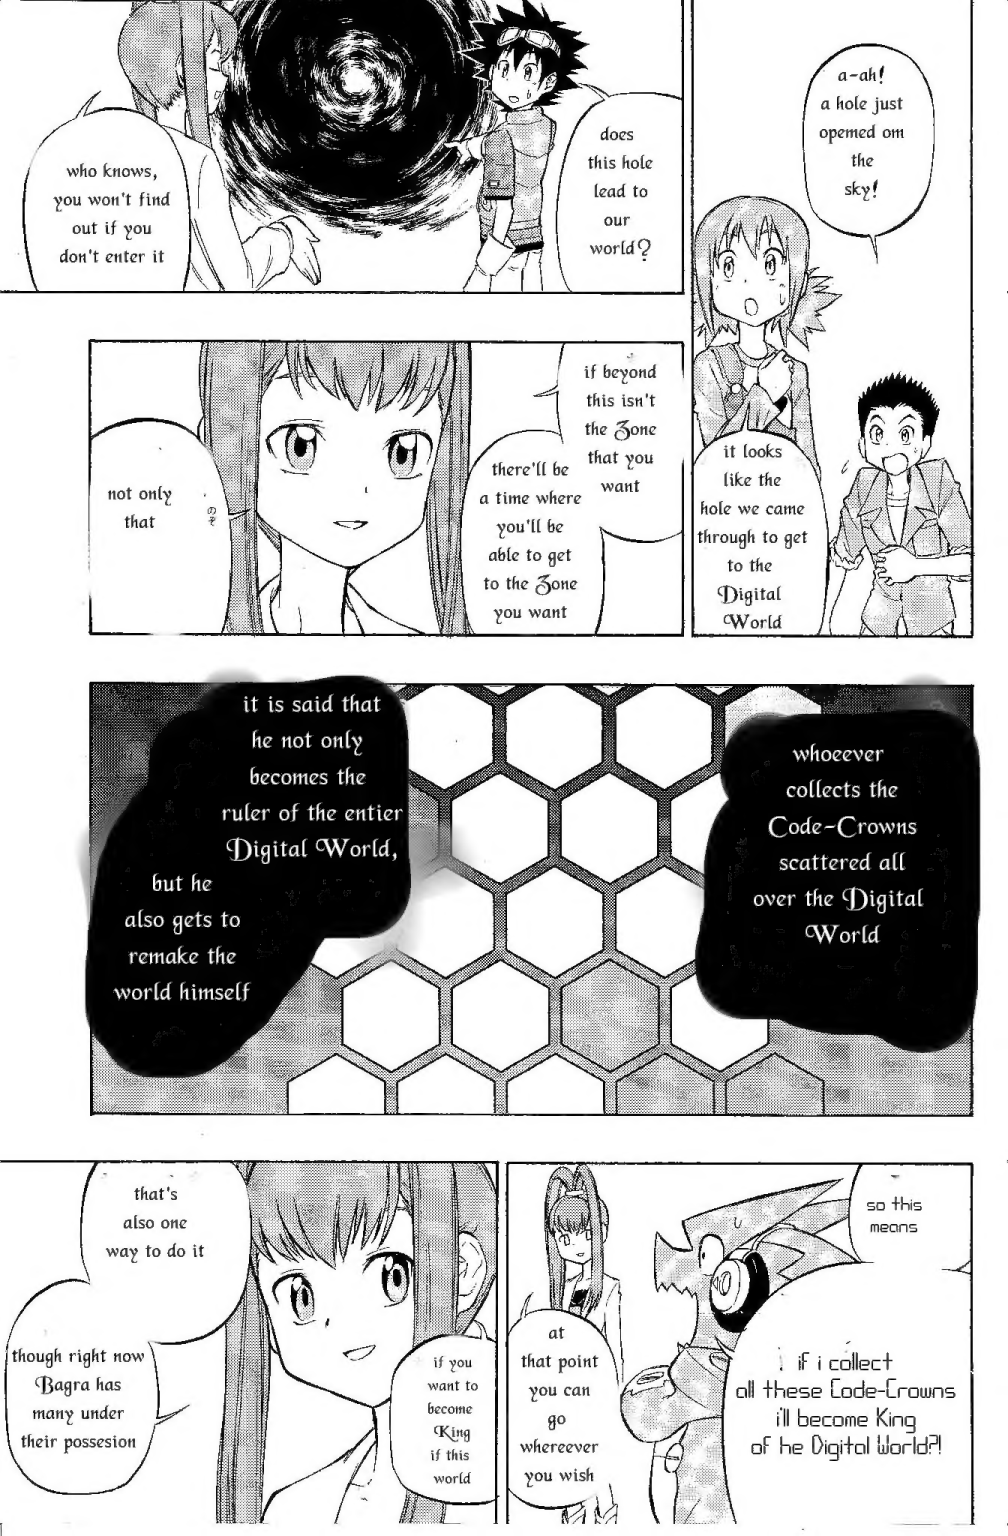


oh, what a clear red....
very hot...
and fierce
but... it's refershing boldness..
overflowing with fire!!



sure
don't just hand it over to her!

?
it's nothing, i just thought it looking beautiful
you know that the code-crown is proof of the zone's ruler right?
it probably to clear to mix with mine just yet
this is great perfectly great
seperated zones back topgether and open paths for dementions
and it's owner can bring back the orginally faraway
ooh
you plug it into the XrosLoader like so
now hold it up to the skuy and say 'Zone Transfer' !
ZONE TRANS-FER !!



who knows, you won't find out if you don't enter it
does this hole lead to our world?
a-ah! a hole just opemed om the sky!
it looks like the hole we came through to get to the Digital World
not only that
there'll be a time where you'll be able to get to the Zone you want
if beyond this isn't the Zone that you want
it is said that he not only becomes the ruler of the entier Digital World,
but he also gets to remake the world himself
whoeever collects the Code-Crowns scattered all over the Digital World
that's also one way to do it
though right now Bagra has many under their possesion
if you want to become King if this world
at that point you can go whereever you wish
so this means
if i collect all these Code-Crowns i'll become King of he Digital World?!

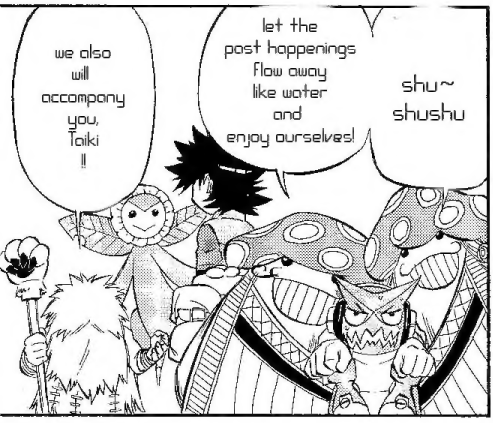
fufuffu have fun with that little dragon
but,
hmph.
that;s what I wished For
defeat the Bagra Army that's been laying waste to the Digital World
be careful, okay?
there are also others who aim to conquer this world
the Bagra Army might not be your only enemy you know?
like you?
maybe !
fufu
just as I thought, you're an interesting one, Taiki
but, the method to use the Code-Crown
and me liking strong boys isn't a lie, okay?
if i can, i want to keep staying as your fan
good luck, Taiki

don't get fooled by her! Taiki!
in other words you'll be made use of and then thrown away like a torn rag!!
geh
no, but that girl doesn't seem to be the sort that lies
the part about him being too sharp isn't very cute
she's gone
but she looks like she knows lots of secrets
besides, it's not like she was already using me
it felt like she was seeing whether she could make use of me or not
wha- what's with that sneaky woman!
Taiki!!
Jijimon's group!
the Mushmons and also
Ah!

um Elder Mushmon
just as we promised~
Ah~ it's nothing~
we rushed here when we heard you were attacked
your skill is truely remarkable !!
it looks like everything went well though
we were somehow able to get the Code-Crown back but...
is it okay to lend it to us for a little while more?
BUT
since the whereabouts are already known, it is safer to leave it with you
ive heard the situation from Jijimon
ehh?
you two are ...?!
that's the requirement before you can leave with it
take us along with you as the protectors of the Code-Crown

got it
i'm counting on you two!

so you know, it's not like we're thinking "it's cool, so we wanna try DigiXrosing too"
it's not like we're thankful to you for protecting our village!
or anything okay!



we also will accompany you, Taiki !!
let the past happenings flow away like water and enjoy ourselves!
shu~ shushu

hey, come with us! Dorulumon!
okay! thanks Jijimon!

if you're short on power, let this power be of use to you
Shoutmon's feelings are also the wishes of everyone in our village

it's not that.
i have no intention to involve myself with the Bagra Army
if a warrior like you joins forces with us we'd have the power of a hundred-man-army!

However, it looks like there's no use for us to stay here
it's also pretty uncommon for an easy chance to switch zones
DigiXros with us again and let's kick their asses!
ぴょん
ぴょん
whaaats with you! it can't be that a guy like you is afraid to battle right!!!!
...
I have no choice
we shall accept your offer because we need to go to a new Zone
.... Taiki ...
on the other side of that path
even if it happens to bring us back to our world
Well so it's about us humans
Akari!
Zenjirou!!

Could you come along with me?
I.. I..!
ta- Taiki..
when that time comes, Akari...
I want to continue staying in this world to help Shoutmon
I'm always counting on you, Akari
I'd like it if you stayed with me here,
I think that without you, I would have done lots of reckless things
Hmph! it's because of your troublesome personality that you always..!!
I know! that was my intention in the first place!!
I..

Wha?!
really ..
he keeps doing things his way
what ...
is.. with you.. two!?
What are you two doing ?! Knock it off!!
SO VERY CUTE!!
AKARI !! YOU'RE SO CUTECUTE CUUUUUUTE~ !!
キャっ!!
since, my destined rival has gotten himself invovled in this war
it's only natural that I help him
Zen-jirou!
I.. I'm going too!
Let goooo!!

is that so?
that's great then!
it's not just about Kendo..
if I leave now, i feel he'll have won over everything for my whole life
all right!
let's get going everyone!!
If we lose any one of you in the demensional path it'd be a big problem
so inside the Xros Loader you all go
Akari!
Zenjirou !
yup !
let's go !!

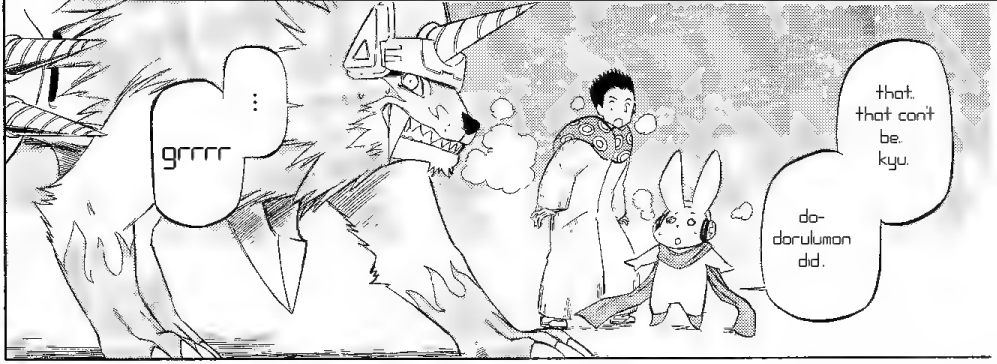
あて先★

!
or rather
I should say I'm not qualified to do that
?
quali-fied?
this sent!
Doru-lumon ?
we have to warn them!
Taiki! let the others inside know!
the smell of food must have lowered my sense of smell!!!
that we're surrounded !!

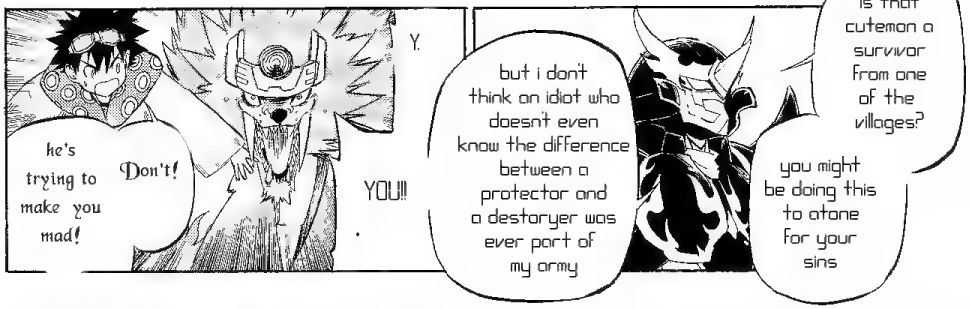
but why that strange looking house?
it matches the information that girl gave us
heh!
even if the Bogra Army is here no need to panic
we just have to defeat them like before
IDIOT!
are you stupid?! we need a plan! a layout!
that's sorta like soccer
look over there!

ビュン
come out boy whom possesses the Red Xros Loader

we have to think of a plan now!
did we stray into a Zone he was trying to invade?!
Ta-Tacti-mon !!
this isn't good at all
to think that you betrayed me only to appear in front of me with the boy who possesses the Red XrosLoader
ho?
you, Dorulumon right?
Do-Dorulumon was part of the Bagra Army ?!
eeeehhhh ?!
burning down and destorying many town and villages my right-hand man
Really, you were once feared as the wind of death god

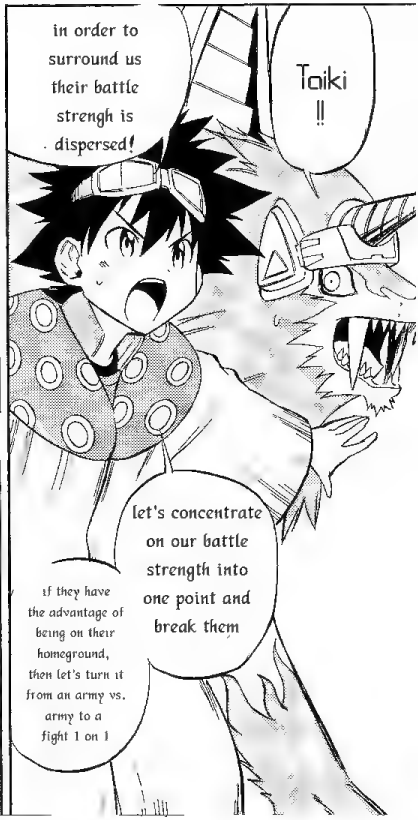


grrrr
...
that. that can't be. kyu.
do- dorulumon did.



he's trying to make you mad!
Don't!
Y.
YOU!!
but i don't think an idiot who doesn't even know the difference between a protector and a destoryer was ever part of my army
you might be doing this to atone for your sins
is that cutemon a survivor from one of the villages?

if this is like soccer, we'd challenge the oppent's open defense line with a counter and go after the goalie 1 on 1
So let's do this battle soccer style okay?



Taiki !!
in order to surround us their battle strengh is dispersed!
let's concentrate on our battle strength into one point and break them
if they have the advantage of being on their homeground, then let's turn it from an army vs. army to a fight 1 on 1

that's right.. he has a point
if we do a DigiXros to X3 again we might be able to win!

SHOUTMON X3!!
Shoutmon!! Ballistamon!!
Dorulumon! DigiXros!!
I'll send you flying out of here!!!!
So get ready to Rock & Roll!!!!

THREE VICTORIES!!!
ho!
what boldness, to give the opening move
A general that might be young, but has a clear sense
that spirit and sharpness!!
however

ICHI NO TACHI !!!!
( SWORD OF ONE )
oh YEAH! done in one hit !!!
wait!! don't let your gourd down !!!!
!!
what ?!

the edge of your sword
IS BLUNT !!!!
NOW YOU SHALL DIE! COWARD!
KISHINTOTSU
* Demon God Charge

き

とっ

tch
Gwahahh !!!
geh!!
Shoutmon!!
Ballistamon!!
Dorulumon!!
grrr
are you alright?!
Doru-lumon ?!
I see
you've been blessed with imagination, decisiveness and good basic education
you are a general who cannot yet fully grasp the common practices of war

it is probably better to slay you now rather than to wait
!?
※冥如(めいじょ):越したことはない
what !?
waah !!

you're Kudou Taiki, correct?
i'll save you this time
Only if you become my subordinate and fight for me
a- a human?!
another human!? this time a boy?!
A Blue Xros Loader!!

Nene!! ne-ne-!
I'm done you know!
oh
that was faster than expected
I'm Aonuma Kiriha

buuuuut! they were so weak i could immediately defeat them
Island Zone - KingWhamon Island's Coastal Waters
it could be either way
hn? oh are you going to attack them?
I'm bored, let's hurry up so I can kill more digimon nene!
yes it's my Idols
バッキューン!
huh~ it'd be great if they were strong!
